

JOIN US FOR THE
7TH ANNUAL ASEE WORKSHOP ON K-12 ENGINEERING EDUCATION

"Discovering Engineering in the Classroom"

presented by

See what you mean

Saturday, June 19, 2010
Kentucky International Convention Center
Louisville, Kentucky

Join local teachers and engineering educators from across the country and take home the latest hands-on lessons, best practices, and tools for successfully implementing K-12 engineering education in the classroom.

- Complimentary for all teachers who register **BY JUNE 4**
- Continuing professional education credits

For more information, visit
