## WEPAN Wants Your Proposal by November 26, 2014!

Join the **national dialogue** about the **role of culture** in building inclusive and diverse engineering education and work communities. **Newcomers and experts** alike from **all sectors** are invited to submit proposals for sessions, papers and panels that will contribute to **increasing the participation of underrepresented groups in engineering**.

[Submit Here!](#)

- **Industry change leaders:** How are you changing culture in the engineering workplace? What do you need from engineering education institutions? What recommendations do you have to change the culture of engineering?
- **Education change leaders:** How have you utilized the latest research to impact the culture of engineering at your institution? What programs, projects, approaches, partnerships and concepts have been successful? What has not worked--why not?
- **Policy, government and not-for-profit change leaders:** What has your organization done that is helping to change the culture of engineering education?

See the [2014 Forum Program](#) for ideas!

## Proposal Timeline

- **November 26, 2014:** Proposals Due
- **December 5, 2014 - January 23, 2015:** Proposal Review
- **January 24, 2015:** Notices to Submitters (Accept, Revise, Decline)
